2015   CITI
Telecommunications Coordinator

As a consultant at the mobile money transfer company Tran$fer I oversaw installations, support, and repair of all telecommunication services.

✔ Evaluated current operational performance and provided a strategic plan for improvements, and provided first point of contact and technical assistance to its bank clients and its TSP's

Technologies: *SSH, Netstat, Telnet, Application Life-cycle Management (ALM)*

2014   Schibsted
Frontend Web Developer

As a Front-End developer I collaborated in the creation and improvement of end-user facing features, as well as forinhouse internal tools.

✔ Debugged, maintained and tested (behavioral, cross-browser, accessibility, A/B) user-interfaces, features products. and web application templates following W3C standards and best practices.

Technologies: *C, PHP, JavaScript, CSS 3, HTML 5 , Git, Capybara, BrowserStack*

Skills

Back-end

✔ **PHP**: Laravel, Symfony, Wordpress, Drupal, Composer
✔ **Java**: Maven, Jersey, Spring, Hibernate
✔ **Bases de datos**: MySQL, PostgreSQL, SQL Server
✔ **Servidores**: Apache, Nginx, Tomcat, IIS
✔ **Container**: Docker, Helm Charts, Kubernetes
✔ **Pipeline**: Chef, Puppet, Jenkins, Git
✔ **Formatos**: XML, JSON
✔ **Tools**: AWS, JMeter, New Relic

Education

Bachelor of Engineering, Information and Communications Technologies.
Universidad Tecnológica de Tijuana
2009 – 2014

Licence Professionel, Systèmes Informatiques et Logiciels, Spécialité Sécurité Informatique.
Institut Universitaire de Technologie de Lens
2011 – 2012

Expertise

REST Web Services

Software Architecture

Troubleshooting

Cyber Security

PHP

Drupal

Databases

Solr/Lucene

Professional Development

2020	**DrupalCon Global** Drupal Association
2020	**Machine Learning for Everyone** DataCamp
2018	**Drupal 8 Module Development** Acquia Academy
2018	**Drupal 8 Layout and Theming** Acquia Academy
2015	**Drupalcamp Mexico City** Indava

Awards

MexProtec Scholarship
Campus France
France / 2011

Drupal 7 Site Builder Certification
Acquia
Mexico / 2016

Freelance experience

2014 DoMyHomework
Full-Stack development

Setup Drupal, hosting, MySQL, cron jobs, Ngnix, and SSL certificates. Built user roles and profiles using Rules module, and files management for images ad documents using the File module. Created a custom theme based on Bootstrap.

2013 Diriageren Medical Office
Full-Stack development

Setup Drupal, hosting, cron jobs, Apache web server, and SSL certificates. Built user roles for management, employees, clients, and visitors. Developed an easy-to-use Appointment module that verified real-time availability. Used the Webform module to create medical forms. Created a Bootstrap custom theme.

2012 International Conference on Green Supply Chain (GSC2012)
Front-End development

Disigned and developed a mobile-first responsive site, using jQuery UI, jQuery Easing, and Polyfill.js to support IE. Created a slider and a navigation bar using HTML5, CSS3 animations, translations, and plain JavaScript. And introduced DataTables to display event information and the submitted papers.
